Dear Mr. Bergen:

This responds to your Freedom of Information Act (FOIA) request of 20 March 2019, which was received by this office on 21 March 2019, for "Mandatory Declassification Review (MDR), of the following records: document or documents- often called memorandum of understanding (MOU) or memorandum of agreement (MOA) that outline the current relationship between the National Security Agency and "Phillips Crypto," and/or "Phillips USFA," and/or "NV Phillips Gloeilampenfabrieken, " and/or "Phillips B.V." Your request has been assigned Case Number 106388. There are no assessable fees for this request.

Your request has been reviewed by this Agency as required by the FOIA, and is being fully denied in accordance with Executive Order 13526, as set forth in Subparagraphs (e) and (g) of Section 1.4. This request is denied because disclosure could reasonably be expected to cause damage (at minimum) to the national security, per Executive Order 13526, Section 1.2. Any responsive material that may exist would be deemed currently and properly protected; therefore, exempt from disclosure pursuant to the first exemption of the FOIA (5 U.S.C. Section 552(b)(1)).

In addition, this Agency is authorized by various statutes to protect certain information concerning its activities. Accordingly, your request is also denied pursuant to the third exemption of the FOIA, which provides for the withholding of information specifically protected from disclosure by statute. The specific statute applicable in this case is Section 6, Public Law 86-36 (50 U.S. Code 3605). No portion of any responsive material is reasonably segregable.

Please be advised that due to security concerns, this is our standard response to all requests where we reasonably believe acquisition records are being sought on a contract or contract related activity.
